

# **RESTORITROL: IV NTR3 NEURO THERAPY PATIENT BACKGROUND FLYER!**

*A Researched Scientific Evidence Based Program*

**RESTORITROL: IV NTR3 NEURO INFUSION THERAPY  
"HEALS"**

- 1. Repairs Dopamine Circuitry RDS: Reward Dysfunction Syndrome**
- 2. Restores All Down Stream "Feel Good Molecules" IE: Serotonin**
- 3. Regenerates Dopamine Neurotransmitter Receptors IE: D2DR**
- 4. Rebalances Dopamine Reward Circuitry IE: Limbic System**
- 5. Reoptimizes All Neural Cell Mitochondria IE: Quadrillions**
- 6. Recorrects and In Most Cases Eliminates PAWS IE: Cravings**
- 7. Reactivates Cellular Anti-Aging Processes IE: RNA-DNA**
- 8. Retitrates Medication Efficacy & Potency IE: Meds Work Better**
- 9. Reimbursed by Insurance IE: CMS AETNA, CIGNA, UHC, BCBS, BEACON, TRICARE, HUMANA, AMBETTER ETC...**

**RESTORITROL: IV NTR3 NEURO THERAPY INFUSION  
The Future of Addiction Recovery Infusion Healthcare!**

# **RESTORITROL: IV NTR3 NEURO THERAPY RESTORE BRAIN FUNCTION**

*Naturally, Safely, Effectively &  
Quickly In Days vs Months to Years!*

## **The RESTORITROL: IV NTR3 NEURO THERAPY**

NeuroRestoration Process is a new innovative approach to medical addiction therapy for all those suffering from any types of substance abuse. is also called,

NAD+ Neuropeptide MicroNutrient NeuroRestoration which is  
**“DRUG FREE, NON NARCOTIC & 100% NATURAL”**

**The RESTORITROL: IV NTR3 NEURO THERAPY** NeuroRestoration Process is a Medical NeuroNutrition Infusion approach designed to rapidly heal the brain and improve patient cognition through neurotransmitter remediation at the most organic level possible and it is being used to help resolve PAWS and Substance Induced Mood Disorders.

*“The scientific medical approach is a revolutionary method healing the brains of addicts and has saved countless lives!”*

*“The scientific clinical approach has been transformative to substance use disorder treatment methodologies and treatments which have struggled to achieve and maintain long term positive outcomes!”*

# **RESTORITROL: IV NTR3 NEURO THERAPY**

## **The RESTORITROL: IV NTR3 NEURO THERAPY**

NeuroRestoration Process has hundreds of positive outcome testimonials and brain scan imagining providing proof of concept and outcome as well as continuous evidence base for the safety and efficacy for the medical community!

## **The RESTORITROL: IV NTR3 NEURO THERAPY**

NeuroReStoration Process has been shown to be safe and efficacious providing reproducible results in all ages, genders and drug use histories.

## **The RESTORITROL: IV NTR3 NEURO THERAPY**

NeuroReStoration Process has show to be safe and efficacious through evidence based research practices to rapidly reduce cravings and in most all cases,

***Totally Eliminates Cravings &  
Relapse Potentials!***

# **RESTORITROL:**

## **IV NTR3 NEURO THERAPY**

### **IV NeuroReStoration**

***Is a Scientific Approach to Decreasing Relapse!***

***GREATLY REDUCES AND IN MOST ALL CASES TOTALLY ELIMINATES  
DRUG CRAVINGS & FUTURE RELAPSE POTENTIALS FROM:***

- Alcohol Addiction (Alcoholism)
- Amphetamine (Meth, Adderall) Addiction
- Barbiturate (Phenobarbital) Addiction
- Bath Salts & Flakka Addiction
- Benzodiazepine (Xanax) Addiction
- Cocaine & Crack Addiction
- Ecstasy & Molly (MDMA) Addiction
- Hallucinogen (LSD, Peyote, DMT) Addiction
- Opiate (Heroin, Oxy, Vicodin) Addiction
- Marijuana (THC, CBD, K2) Addiction
- Methadone Addiction
- Methaqualone (Quaalude) Addiction
- Nicotine & Tobacco Addiction
- Phencyclidine (PCP/Angel Dust) Addiction
- Gambling Addiction
- Gaming Addiction
- Sexual Addictions

### ***Infusion Formulations***

There are a few different intravenous formulas available, consisting of unique combinations of a select:

**ESSENTIAL Neuropeptide Amino Acid Complexes in a base of Highly Concentrated NAD+ (nicotinamide adenine dinucleotide), Neuro Co-Factors, Neuro Co-Enzymes and necessary electrolytes** that are specifically designed to directly assist the central nervous system in replacing and repairing those receptors damaged by substance use such as well as by dopamine, serotonin, acetylcholine regulating activities.

The micronutrient compounds have been tested for quality and purity and reviewed by the FDA through a licensed and approved companies: McKesson, Henry Schein, and FDA APPROVED Components by a Cleared and Licensed Compounding Provider or Pharmacy and Third Party Reviewed for potency, purity and sterility.

The Neuropeptide Amino Acid formulas are chosen and titrated based on the patient's individual and specialized substance exposure history to support the intravenous treatment protocols which specifically supports continued brain balancing along with other MAT Protocols when necessary and as needed.

**The RESTORITROL: IV NTR3 NEURO THERAPY COMPOUNDED FORMULAS, PROCESS, PROCEDURE AND PROTOCOL ARE ALL Provisionally Patented and Trademarked by the USPTO and In the Process of Formal FDA-IND Review and Approval**
